

GOFSCO Announces Silver Sponsorship of Fifth Kuwait Oil and Gas Summit

Kuwait — Gas and Oil Fields Services Company (GOFSCO), specialised in providing upstream integrated oilfield services and products in the State of Kuwait, announced today its silver sponsorship of the Fifth Kuwait Oil and Gas Summit, which will be held April 16-17 at the Jumeirah Messilah Beach Hotel, under the patronage of Kuwaiti Minister of Oil Bakheet Al-Rashidi.

The two-day event is considered the most well-established strategic oil and gas event in the country, and will welcome regional government leaders and key industry players to announce new project opportunities, innovative solutions and growth strategies.

Engineer Hussam Ali Marafie, Chairman and Chief Executive Officer at GOFSCO, said: “GOFSCO looks forward to this year’s summit, which will provide a great opportunity for companies to meet potential partners, address and discuss latest technological advancement, and new business opportunities,”

Mr. Hussam Marafie joined GOFSCO in 2005 and the company has been substantially revamped since then. GOFSCO has diversified its core services to a very competitive advantages, importing state-of-the-art technology, and mixed cultures of expertise have created a strong hold position in the local competitive market to achieve the economical viable solution for the country, clients, the company and its shareholders.

“This summit also offers a platform to showcase and share innovation, as well as the rising development of the human resources element within this field. Our company vision is to be a local oilfield services company that can be a strong arm to bring in country value, providing all the solutions that are needed. We can acquire technology or close joint ventures with companies that can bring their know-how here and thereby help us create more opportunities for locals.” he concluded.

About GOFSCO

The Gas and Oil Field Services Company (GOFSCO) was founded in 1972 to meet the growing demand of upstream oil and gas companies operating in Kuwait and the wider region. GOFSCO’s experienced management team, combined with local and international knowledge and cutting-edge technology, work relentlessly to provide a complete range of oilfield services to oil companies operating in the Gulf region. The company prides itself in working to maintain the highest HSE standards, and is committed to helping customers create a safe working environment for their employees. Supported by the Chairman’s 2020 vision, GOFSCO aims to recruit more than 70 percent Kuwaiti nationals, in line with the country’s Kuwaitization strategy.
